

ACTION ON RUSSIAN ASBESTOS

Russia is now the largest producer and exporter of Asbestos on the planet. A recent letter to the Russian Ambassador to the UK calling for the cessation of this deadly trade was ignored.

Consequently the International Ban Asbestos Network, The Asbestos Victims Support Groups Forum and GMB Trade Union are calling for a demonstration outside the Russian Embassy to coincide with International Workers Memorial Day.

Demonstrate outside the Russian Embassy, 6-8 Kensington Palace Gardens, London W8 4QP

Friday 26th April: assemble 11.30am for the demonstration at Noon.

Send the Russian Ambassador , Alexandar Vladimirovich Yakovenko a message:

KEEP YOUR DEADLY ASBESTOS IN THE GROUND

Bring your banners and placards – all welcome
